DESCRIPTION

A bursary is a non-repayable award granted to a full-time student who:

- Is progressing satisfactorily in their BCIT credential program
- Submits a completed Full-time Bursary Application form
- Demonstrates that they need financial assistance to complete their current academic period

As bursary funds are limited, preference is given to those students who demonstrate that they have exhausted all other sources of financial assistance.

Although it is not required, students are encouraged to include a letter outlining their particular financial circumstances to help the Bursary Committee understand their current financial situation.
